Sullair: An Industry Leader

SULLAIR LEADERSHIP

Since 1965, Sullair has been recognized worldwide as an innovator and leader in rotary screw compression and vacuum technology. Sullair designs and manufactures its own rotors and air end assemblies. The award-winning rotary screw design sets the industry standard and delivers the quality and reliability you expect from a leader.

SULLAIR TECHNOLOGY

Using the most modern technologies, equipment and advanced manufacturing techniques, Sullair designs, manufactures, assembles, and tests the most innovative compressed air and vacuum products in the industry. Sullair products are known around the world for their universally applicable design, outstanding craftsmanship and superior quality.

SULLAIR COMMITMENT TO INNOVATION

Underlying Sullair's leadership is a dedication to excellence and a commitment to innovation. We are constantly exploring new ideas and seeking new ways to meet industry's need for increasingly energy-efficient compressed air and vacuum solutions.

All rotors are engineered and machined in the USA.

The Sullair Standard

HIGHER THAN THE INDUSTRY STANDARD

Sullair ShopTek™ air compressors redefine industry standards for continuous duty compressors in the 4 to 37 kW range. ShopTek compressors are designed with a small footprint and are built to provide exceptional reliability and extremely low maintenance.

The C.E. ShopTek air compressors come standard with:

- *Legendary Sullair air end*
- *Heavy-duty air filter*
- *Sullube® 10,000 hour lubricant standard*

4-15 kW SHOPTEK LINE

Separator

- C.E. certified receiver
- No tubing to disconnect
- "O" Ring seal prevents leaking
- Reduces service time
- Fluid sight glass

V-Belt System

- Protective belt guard
- Easily adjusted and aligned

Environmental Protection Pan

- Fully-sealed
- Captures spills

Fluid and Air Cooler(s)

- Easy access for maintenance
- Air cooled
- Aftercooler on 11 kW and 15 kW models

Heavy Duty Air Filter

- Protects key components from premature failure
- Extends separator, fluid filter and fluid life
- Easy access for maintenance

Control Panel

- Starter:
 - 4-7 kW: Full voltage
 - 11-15 kW: Y-Delta
- Easy access to controls
- Electronic Controller
 - Matches output to demand
 - Clear and concise graphic display
 - Monitors status of key operating parameters

IP55 Motor

- IE3

18.5-37 kW SHOPTEK LINE

Fluid and Air Coolers

- Easy access for maintenance
- Air cooled

Separator

- C.E. certified receiver
- High quality/low carryover
- Access panel for easy removal
- Fluid sight glass

Heavy-duty Inlet Filter

Direct-coupled Gear Drive

IP55 Motor

- IE3

Control Panel

- Y-Delta starter (fixed speed)
- Easy access to controls
- Electronic Controller
 - Matches output to demand
 - Clear and concise graphic display
 - Monitors status of key operating parameters

Variable Speed Drive

Optional VSD available provides flexibility to vary both capacity and pressure to better match compressed air demand and supply. Sullair Compressors with VSD provide:

- Stable system pressure
- Flexibility for future growth
- Excellent energy savings

ShopTek™

* 380-415V Motor *50Hz *Dimensions provided are unpackaged

All ShopTek compressors are factory-filled with biodegradable Genuine Sullube® 10,000 hour fluid.

- Protects and cleans (no varnish)
- Controls operating temperatures
- Optimal viscosity
- Environmentally friendly
- Reduces fluid loss
- High flash point (263° C)

Warranty Information: ShopTek compressors are covered by a 5 year warranty on major components including:

- Air end
- Air/fluid receiver
- Inverter (on VSD models)
- Main Drive Motor
- Fluid cooler
- Aftercooler
